WELCOME

Special Message from University President Dr. Bruce Murphy...

This year's Annual Scholarship Event is bittersweet for me in many ways. Along with my wife Jeanne, I will be receiving a Gold Dome Award - one of the most prestigious awards given by Centenary. This is a true honor, and I am proud to accept this on our behalf. I am proud our contributions to the University's mission, and of all that Jeanne did to help advocate for the wonderful work being done here. I will also be celebrating my retirement on June 30th, which looks much different to me now, as you would imagine. While this evening is to highlight and celebrate our accomplishments, and those of Dr. Bob Weinstein as honorees, this important annual event is

truly all about students - preparing them for demanding careers and the pursuit of becoming life-long learners. Dr. Weinstein is a strong advocate for Centenary's growing science and health-care programs, and by helping to raise critical scholarship support tonight, we can ensure that everyone has access to a stellar Centenary education. Through our growing Exercise Science and Counseling programs, to our new RN-BSN Nursing and Masters in Happiness Studies, we are answering the call for more qualified healthcare providers to support our region and beyond.

As I move on, and the University begins a new chapter in its long and rich history, I want to thank you for joining us this evening, for your support during my Presidency, and your unwavering dedication to Centenary University.

On behalf of our deserving students who benefit from your generous scholarship support, thank you and we hope you have a wonderful evening!

Dr. Bruce Murphy
